

PROJECT DELIVERY REPORT

TYBalls.ie Built, connected and live.

A concise summary of the website, enquiry journey, search setup and day-to-day operation.

PROJECT SUMMARY

A clear route from first visit to a useful enquiry.

TYBalls.ie is now a complete, mobile-first website for Transition Year Ball enquiries in Ireland. Student committees, parents and schools can understand the service, see how the planning process works and send DebsGuru the information needed to prepare a proposal.

Brand and website

A new visual system based on the supplied logo, with consistent colour, typography, motion and responsive layouts.

Useful content

Eight core pages explain the event, planning process, costs, venues, committee role, parent guidance and enquiry route.

Real event media

Photography and video are presented in mobile-friendly galleries and swipeable sections.

Enquiry handling

Completed forms are saved in the admin area and sent to the DebsGuru email address.

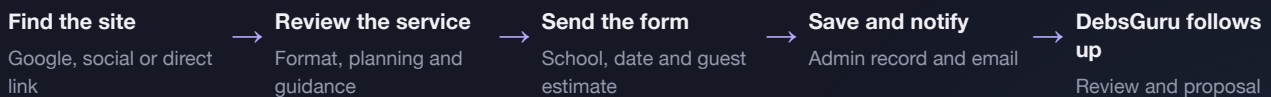

Search and measurement

Google Analytics, Search Console, sitemap, page descriptions, social cards and structured data are connected.

Day-to-day operation

The site has bot protection, HTTPS, privacy controls, daily backups, monitoring and an area for publishing venues and event stories.

● Live and ready for enquiries

The main website, mobile experience, forms, email delivery, analytics, search setup, security and backups are working. The next step is regular venue and event content from DebsGuru.
